OFFICE—Public Ledger Building, No. 29 East Third Street, Maysville, Ky.

SUBSCRIPTIONS IN ADVANCE.

One Year—\$3.00
Six Months—\$1.50
Three Months—\$0.75
DELIVERED BY CARRIER.
Per Month—25 cents
Payable to Collector at end of Month.

Boiling it all down, the contention of the Goebelites must resolve itself into the fact that GOEBEL was made Governor by an assassin, while TAYLOR was elected by the people.

THERE'S now a strong probability that Kentucky will be divided into two Federal Court Districts, in which case an additional Federal Judge must be appointed.

Apropos, a Frankfort dispatch to The Louisville Commercial says:

"Foremost among those mentioned is Judge A. M. COCHRAN of Maysville, who is not only a man of ability, but one of the best constitutional lawyers in the state. Judge COCHRAN has been engaged by the Friends last year to appoint him to the place made vacant by the resignation of Judge BARR, and he barely missed being given that position, now ably filled by Judge WALTER EVANS. The last time Judge COCHRAN was in Frankfort was in 1875, when Governor TAYLOR named him State Election Commissioner to succeed Judge PRYOR. The Courts gave Messrs. YONTS and FULTON an injunction to prevent Judge COCHRAN and Judge MACKEY, his fellow-apointee, from acting."

THE Democratic party that Trusts are in some way attributable to the Protective Tariff has received a severe blow from an official report just received by the State Department from Consul FRANK W. MAHIN in Austria, who says that there is a marked tendency in that country toward formation of Trusts; that hatmakers, paper factories, sugar manufacturers, shoe manufacturers, makers of knit goods, etc., are combining to reduce expenses and that the great corporation formed at Buda Pesth is acquiring possession of the gas plants through Hungary. These combinations are now, having been formed in the past year, but there are also numerous other older combinations which have all the characteristics of the American Trusts. He adds that "it is worthy of note that Austria-Hungary has no Protective Tariff, except on a very few articles, such as cigars and tobacco, for instance, the traffic in which is a Government monopoly."

Are you sick? If so, investigate the merits of Herbinie. It is a concentrated medicine, and does a simple and effective work. It produces rapid results, digestion improves, the lips and cheeks lose their sallow hue, and the skin becomes clear and smooth. Price 25 cents. J. Jas. Wood & Son.

Mrs. Mattie Mannen of Covington has gone to Pittsburgh where she will hereafter reside.

The Lexington School Board will file a motion to amend against the City Council so if they do not fix the tax levy for the city schools at 28 cents on the \$100 so that \$48,000, the amount asked for by the Board, can be procured. The Council wants only a 25 cent levy, which would leave a deficit of \$10,000 in the ensuing year's expenses.

Couldn't help getting a cold never cuts a man down. Take a dose of Dr. Hall's Hard's Horsehold Syrup, and using it as directed, will cure the worst kind of cold or grippe. Price 25, 35, 45 cents. J. Jas. Wood & Son.

The Hon. John D. McIntyre, Editor of the Bath County Democrat and Chairman of the Democratic County Executive Committee of Bath, Kentucky, is a candidate for Delegate to the National Democratic Convention from the Ninth Congressional District, while the friends of Judge W. F. Gudgel, also of Bath, are preparing to press his claims for a like position in the National Republican Convention.

SOCIETY MINSTRELS.
Minstrels, with all its pomp and tinsel, will reign supreme at the Opera-house Wednesday night, March 28th. They are the best company in Maysville's best amateur stage in a real mineral performance. Male and female end men will be a new feature. The organization is ably assisted by the Maysville Orchestra. The management feels perfectly safe in saying that the effect of the entertainment will be equal to the rendition of this performance. The entire proceeds are for the benefit of the First Ward Mission School, a most worthy cause, and should be encouraged. Remember the date, Wednesday, March 28th. Prices 25c, 35c, and 50c. Come. Seats on sale at Nelson's today.

Does It Pay to Buy Cheap?
A sharp remedy for cough and colds is all right but you want to buy what relieves and cures the more severe and dangerous results of throat and lung troubles. What shall you do then? If you can't afford to pay the high price if possible, it won't be for you, then in either case take the only remedy that has been demonstrated to be the best—Bouchard's German Syrup. It not only heals and stimulates the tissues to destroy the great disease, but alleviates the pain of the disease, and gives the patient a good night's rest, and cures the patient. Try one bottle. Recommended many years by all drug-gives in the world. For sale by J. C. Peeler.

CLASH AVOIDED.

Troops Recognizing the Duel Governors Within Two Squares of Each Other.

ADJUTANT GENERALS IN CONFERENCE.

They Agree Upon Plans to Avoid the Possibility of Any Sort of a Clash Between Troops.

It Is Believed That If State Powers Hold Over That the Other Defendants Will Waive Examination.

Frankfort, Ky., March 26.—Notwithstanding troops recognizing the dual governors are quartered within two squares of each other, the republican leaders at the state house, under orders from Gen. Alexander G. Taylor, and the democratic troops at the court house, guarding Prisoners Powers, Culton and Davis, under orders from democratic Gov. Beckham, there has been no clash. Republicans Adj'tn. Gen. Collier, democratic Adj'tn. Gen. Murray, were together for some time in conference. Gen. Collier called to disclaim responsibility for the mine which some of the soldiers made a pretense of laying, but it is understood that they talk on a wider scope and that they compromised and mutually agreed upon plans to avoid the possibility of any sort of clash between the troops.

The examining trial of republican Secretary of State Powers will be resumed. Sgt. E. Warden Golden, who, it is alleged, turned state's evidence, will continue on the witness stand for cross-examination, his direct testimony having been completed Saturday. Mrs. Powers is through. Mrs. Golden, his wife, will be present as a witness for the prosecution, and it is reported that she will corroborate her husband's testimony on many important points. The physicians who made the autopsy on the body of the late Gen. George C. Scott will probably be introduced as witnesses. The examining trial of Powers, it is believed will be completed either Tuesday or Wednesday, and that, if Powers is held over, the other defendants will have examination.

YELLOW FEVER PRECAUTION.

The State Board of Health of Florida Can Maintain an Independent Quarantine.

Washington, March 26.—The marine hospital officials are confident there need be no serious trouble growing out of the decision of the Florida state board of health to maintain an independent quarantine inspection and quarantine of vessels arriving from Cuba or other ports to prevent the introduction of yellow fever. The states have the right to impose such additional precautions as they may see fit, and proposed to those prescribed by the national government to prevent the introduction of diseases, and this, it is presumed, will be the course adopted by the state of Florida if the decision of the board is carried out.

The disinterment and removal of the marine hospital service, it is said, is complete and thorough, and the officials assert there is no basis for the allegation that the yellow fever epidemic of last summer was due to negligence.

The point is made here that if the Florida board of health decides to receive certificates of inspection and disinfection issued by the marine hospital service and imposes additional restrictions of this character the state itself will be a sufferer by delays of shipments in its commerce and much embarrassment may result.

Victims of the Mob.

Norfolk, Va., March 26.—The body of Walter Cotton, the murderer who was lynched at Emporia, arrived here and will be taken to Richmond for dissection. One of the white tramps who was lynched with Cotton was responsible for the Negro's escape from jail after sentence of death three months ago. Sheriff Smith identified his body as that of the man who was imprisoned here at the same time Cotton was.

Talking of the Lynching.

Petersburg, Va., March 26.—Amos Elder, 28 years of age, killed George Crotty, 38 years of age, an electrician, in Brooklyn. Lassie boarded at the home of Crotty and his relatives, with Crotty's wife were such as to cause an ill feeling between the two men.

Shot and Killed His Wife.

Gil City, Pa., March 26.—Edward Lester, 28 years of age, killed George Crotty, 38 years of age, an electrician, in Brooklyn. Lassie boarded at the home of Crotty and his relatives, with Crotty's wife were such as to cause an ill feeling between the two men.

Died After Reaching Home.

Detroit, Mich., March 26.—Charles H. Preston, of Detroit, who attempted suicide in December, died yesterday morning. He was manager of the Consolidated Lime Co.'s plant, March 14, died here one hour after his arrival from the south.

OFFICER KILLED.

Three Others Wounded and Captured By the Boers on the Modder River.

NO MOVE MADE TO RELIEVE MAFEKING.

A Relief Column May Soon Start From Kimberley But It Is Not Yet Officially Announced.

The Total British Losses, Exclusive of the Invalid Sent Home, Are 16,415 in Killed, Wounded and Missing—Latest from Front.

London, March 26.—Except for the "unfortunate occurrence," as Lord Roberts calls it, which resulted in the killing of Lieut. Lyon and the wounded capture of Lieut. Col. Crabbie, Lieut. Col. Trotter, Capt. Trotter, the campaign presents no mishap to the mishap of the guards officers is a testimony to their bravery, but not to their discretion. They met a party of five Boers who had captured a camp, and the Boers took refuge on a kopje where three of their comrades were hidden, and within five minutes every member of the British party was hit.

Apparently little progress is being made toward the relief of Mafeking. A private telegram from a lieutenant, Gen. Sir Edward Water and Prince George of Teck, has come from Cape Town for Bloemfontein. It is reported from Ladysmith that Van Rennan's Poles bribe with guns.

The total British losses, exclusive of the invalid sent home, are 16,415 in killed, wounded and missing.

SELLING MAFEKING.

People in the Besieged Town Are Starving and Have No Prospects of Immediate Relief.

London, March 26.—The Daily Mail publishes the following from Mafeking dated Wednesday, March 14:

"There have been several cases of skirmishing continuing in the trenches. The native food question is becoming a difficulty. The Boers have broken the arrangement to respect the Sabbath by not firing, and have now opportunity to extend their trenches."

CLEMENTS AT PHILIPPOlis.

He Advises All the Inhabitants to Accept the Inevitable and Obey Military Authority.

Philippines, March 26, via Naval's Port, Manila, March 24.—Gen. Clements entered Philipopolis at noon to day. He assembled the burghers, addressed them and read Lord Roberts' proclamation in Dutch and English.

The future of the Free State, he declared would have to be decided by her majesty's advisers, but the burghers might be certain that the late government will be restored.

He advised all the inhabitants to accept the inevitable and to obey all the orders of the military and other authorities duly appointed, intimating that the handfast and sheriffs will be re-appointed under the queen.

The burghers began taking the oath of allegiance and surrendering their arms.

CORDON RELAXED.

The Commandant General of the British South African Police Reports All Well at Bulawayo.

London, March 26.—The war office has received the following dispatch from Lord Roberts:

"A telegram from Nicholson at Bulawayo states that Baden-Powell reports 'All well March 13. During past few days enemy's cordon much relaxed.'

The Nicholson referred to in Lord Dispatch is Maj. John Nicholson, commandant general of the British South African police, stationed in Rhodesia.

Sent the Wounded Officers Back.

Bloemfontein, March 24.—The Boers who yesterday killed Lieut. Hon. E. Lyon, of the Grenadier Guards, and wounded Lieut. Col. Crabbie, Lieut. Col. Codrington and Capt. Trotter, the leaders of the British force who had ridden eight or nine miles beyond their camp on the Modder river without escort, except one trooper, were members of the Johannesburg mounted police. After dressing the wounds they sent them to the British camp in an ambulance.

Boers Recapture Griqualand.

Barkly West, March 24.—Griqualand was recaptured Thursday by 400 Boers. A party left Kimberley yesterday afternoon to drive them out. It is reported that all the loyalists, therefore, including two men, have been imprisoned.

CONGRESS WORK.

Probable Programme of Both Branches of the National Legislature for the Week.

CONTINUATION OF ANIMATED SCENES.

The Porto Rican Question Will Be the Leading Topic Under Discussion In the Senate.

The Army Appropriation Bill Will Be Taken Up in the House and Will Cause Many Speeches to Be Made on the Subject.

Washington, March 26.—Among the passengers who arrived on the steamer Oliver from Cuban ports were 30 stranded colonists and 120 Negroes, 22 shipwrecked seamen. Twenty of the latter are from the Norwegian steamer Framnes, which was swept ashore by currents on Hog Sty reef in the Bahamas on the night of March 21 and became a total loss as far as the crew and passengers were concerned. The crew, however, had been saved and were forwarded to this port by the Norwegian consul. Capt. Thorjornsen stayed at Fortune Island to look after the owners interests.

The other five shipwrecked seamen were from the American schooner Hattie Godfrey which was lost on Pompano reef while on the voyage from Bahia to Havana. The schooner was a total loss.

REBELS AGGRESSIVE.

The American Forces Garrisoning the Town of Namaqua Pacan Attacked by the Filipinos.

Manila, March 26.—La Patria and El Liberal, Spanish organs of the extreme Filipino party, have recently published articles inimical to the United States. La Patria has suppressed the former journal for sedition and imprisoned the editor, at the same time issuing a warning to the members of the extreme party, that they should observe greater moderation.

The republican canary will take the Porto Rican question up again, and the other side, too, will be ready to press it. The Alaskan bill probably will not arouse any general debate, but the measure is a mass of detail, and it necessarily will call for more or less explanation from its friends in the other members of the committee on territories.

The republican senators who support the house Porto Rican tariff bill hope to get the measure out of the caucus, after only one sitting, but the republicans are not so sanguine on that score, and the latter element may delay matters there, as they are disposed to do in the senate, with the hope of receiving still further encouragement from the country at large. Some of the republicans, the free trade republicans, declare their purpose to vote against the bill if reported without amendment. They threaten to offer many amendments and to make speeches in opposition and otherwise to do all in their power to defeat the bill.

The republicans are employing every device to prevent this open rupture. At any rate, strong effort will be made in that direction. The democratic establishment will support a free trade amendment when presented, but they prefer to have the bill voted upon unamended.

According to agreement, the nomination of Mr. Bynum to be appraiser at New York should be taken up in the next session, but the republicans canary may cause postponement of the consideration of the nomination for a day or two. The democratic leaders will oppose confirmation.

HOUSE FORECAST.

Appropriation Measures Will Occupy Nearly the Entire Time of the Lower Branch.

Washington, March 26.—The army appropriation bill will be taken up for a wide latitude of discussion on military affairs in general and the cost of the war establishment under the heading of the navy. The first indication of this, an understanding has been reached that three days will be given to the debate. The bill itself carries no legislation on the organization of the army, but is strictly a supply bill for the army on its present strength.

The latter part of the week will be devoted to the naval, the agriculture or the fortifications appropriation bills, although no exact order has yet been fixed for taking them up.

The naval and fortification bills are ready, and Acting Chairman Foss is rather desirous of having the naval discussion follow that on the army bill.

The agricultural bill can be reported on short notice, and the fortifications bill is already on the calendar.

SEALERS RETURNING.

The Catch This Season Promises to Be the Largest Within the Past Twenty Years.

St. Johns, N. F., March 26.—The sealing steamer Leopard, which took shelter at Wesleyville, Saturday, in consequence of a gale, arrived here, and other steamers are expected to arrive within the next few days.

Judging from reports thus far received, the total number of seals actually taken by the fleet is about 206,000, and the prospect is that, as four weeks of the fishing season have yet to run, this total will be increased by some 60,000.

As the entire catch last year was only 247,000, this year's figures promise to be the best within 20 years.

Lime Trust the Latest.

Birmingham, Ala., March 26.—The leading lime trust, which has just completed the details of the combination to be known as the Consolidated Lime Co., with a capital stock of \$3,000,000, will control every lime kiln south of Virginia and east of Texas, except live-

"DEWEY, THE HERO OF MANILA."

"Dewey, the Hero of Manila," comes to Mayfield on Tuesday evening, tomorrow night bringing for scenes the original "Battle of Manila" paintings which have been mounted for stage use. This great painting attracted thousands and thousands of people who gladly paid 50 cents to stand in silence and look with awe and pleasure at this historical event. The play was written by Mr. Robinson to conceive a plan by which all who could not go to Chicago to see this cyclorama could see it at their own homes. So the pictures were mounted upon special mechanism, a play was written by Mr. Frazee, the cyclorama was designed by Electroline Taber, a fine company of artists was selected, and now, right at our doors, comes this sublime spectacle. An actual cannon 16 feet long is carried by this company and is fired during the play. Besides the scenes of war there are all kinds of weapons of defense. This is the only company who carries a fine scenic artist to repair the damage done after each performance.

The general impression regarding the appointing of the minor clerks in the Census Office at Washington has been that the clerks would be selected almost exclusively from persons residing in the city. This is not the case. It is not the case, the district will receive more than its regular quota only in event of the scarcity of applicants from elsewhere. The pay for this class of work is from \$30 to \$60 per month and the appointments are for about three months or longer, as the business of the office may require.
